**Jefferson Community and Technical College  
Report: Implementation of Campus Visit Recommendations**

The committee conducted a campus visit at Jefferson Community and Technical College October 2006, adopted the final report of the campus visit February 20, 2007 and requested that a report regarding the implementation of the recommendations be given at the April 16, 2007 meeting. This represents the initial JCTC report on the status of implementing recommendations contained in the CEO campus visit report. The report is expected to identify strategies used by the institutions to implement each recommendation and include discussion regarding the level of success and how success is evaluated.

Status reports are intended to assist the CEO in addressing its responsibility to monitor institutional progress in implementing *The Kentucky Plan for Equal Opportunities* and the Partnership Agreement with the U. S. Department of Education's Office for Civil Rights.

A written report is attached. Additional information will be presented at the meeting by representatives of JCTC and the KCTCS system office.
